

Course descriptions

Dr. Zhao Chuanbing

Chinese language beginners I

Credit: 2

Brief introduction:

This course will help you develop a strong foundation in Chinese with a particular focus on speaking and listening for the beginner. Using interactive teaching methods based on practical application, you will begin learning the necessary building blocks of pronunciation, grammar, and sentence structure. Classes are speaking-based and student-centered, using various images as visual aids and questions to get you speak out in Chinese as quickly and fluently as possible. Colorful and clear images in our teaching materials make you easier to remember the words as well as grammar and sentences.
