WHAT OUR PARTNERS SAY

EDUPRCHINA provides us with the useful information and thoughtful services for studying in China. Many students have applied scholarships in Chinese universities and realized their dreams of studying abroad according to EDUPRCHINA's recommendations. EDUPRCHINA has relieved us a lot of pressure and burden during the application process. We would like to thank to EDUPRCHINA and wish the company a prosperous development!

Agent from Vietnam

EDUPRCHINA has enriched our business channels of study-in-China. Besides, it has expanded our business scope and improved the quality of our products. EDUPRCHINA offers us with the wealth of scholarship products, visualized and standardized product application system as well as comprehensive and professional consulting services for studying in China. They do strongly support our company to carry out the business of studying in China. We can feel the enthusiastic attitude of EDUPRCHINA. They always give applicants professional recommendations and efficient feedback in time. We look forward to in-depth cooperation with EDUPRCHINA in the future to develop together and become a win-win business partner in our career.

Agent from Nepal

I encourage all the students to come to China study and learn about Chinese culture, Chinese language and make Chinese friends. I have worked with EDUPRCHINA for several years, and their team helps the development of my company a lot. This is the 3rd time I come to join EGPC of EDUPRCHINA. I think EDUPRCHINA is great, and EGPC conference is a great opportunity to meet people, Chinese universities and partners in the study in China business.

Agent from Algeria

When I first worked with EDUPRCHINA, I was an international student and only could send several Moroccan students to study in China successfully every intake. With the help of EDUPRCHINA's abundant education resources, efficient agent support and different services, I opened a company in Morocco with my friend, and now we can send over 100 Moroccan students to study in China successfully every year. EDUPRCHINA team is the best and professional team I work with, and we not only work with them on study in China business, but also start to cooperate on study in Hungary business.

Agent from Morocco

Mongolia is very close to China, so lots of students want to study in China. We have worked with EDUPRCHINA for 6 years. They have a lot of good scholarships and self-financed programs of Chinese universities available for Mongolian students, and provide much necessary agency support such as staff training, website usage training, study in China business training, online student information sessions, etc. to us. In these days, Chinese universities are more and more popular in Mongolia, and from 2023, we can send more than 150 Mongolian students to study in China annually through EDUPRCHINA. We really appreciate their professional and efficient services.
