

— Introduction of Chinese Bridge competition

I Project introduction

The "Chinese Bridge" Chinese Proficiency Competition for Foreign College Students, the Chinese Proficiency Competition for World High School Students and the Chinese Proficiency Competition for Global Chinese Conference for Foreigners will be held to provide platforms for Chinese learners from all over the world to demonstrate their Chinese proficiency, exchange learning experiences and test their learning achievements, and build a bridge to promote friendship among Chinese learners from all over the world. Since its first launch in 2002, the "Chinese Bridge" Chinese Language Competition has become an international event closely followed and actively participated by Chinese language learners all over the world, known as the "Olympic" Chinese Language Competition.

II The game content

Chinese language ability, knowledge of China's national conditions, Chinese cultural skills, comprehensive learning ability.

III The game time

Each of the three competitions is held annually.

1. The overseas preliminary competition will be held from March to May every year, the selection and invitation of global final contestants will be held in June, and the global final will be held from July.
2. Overseas preliminary competition will be held from March to August every year. The selection and invitation of global final contestants will be held in September, and the global final will be held in October.
3. The preliminary competition will be held from May to July every year, and the global final will be held in China from August.

IV Join us

Chinese language lovers from all over the world are welcome to follow and join the competition, and organizations from all over the world are welcome to apply for joint hosting of overseas preliminary competitions.
